Does anyone know the best way to get tickets for Tom? Tix sell out so fast, kind of like Bruce!, anyway I am hoping for Tix for Phoenix, both shows. Any ideas or strange methods? Anyone have presale info? That would help. Thank you.

I'm going for Phoenix as well, and there don't look to be any presales. Just be on ticketmaster the moment they go on sale (5/16 Noon PST). And create an account beforehand.
