anyone ever heard this?

Jerry Murad's Harmonicats, What's New Harmonicats. 1960s, Columbia #CL-2425, 33 1/3 rpm vinyl LP record. These are not your great-grandparent's Harmonicats. This is the hip, updated sound of the 1960s rockin' Harmonicats as they cover your favorite tunes by The Byrds, Bob Dylan, The Beatles, The Rolling Stones, Gary Lewis & The Playboys and more.
