
Barack Obama is Out of Touch

Posted by wurlitzer - 2010/02/16 20:36

He thanked Bob for taking time off from the never-ending tour to perform at the white house. Didn't he know that Bob is not currently on tour?

he was taking a break from his winter vacation, which is actually more of a sacrifice than taking time off from work.

I don't know about all that but I certainly get you. They should just introduce Dylan real simple, like as "Columbia Recording Artist" on the Supper Club tapes or something. It sounds sorta old timey.

Article II, Section 4 of the Constitution reads:

The President, Vice President and all civil Officers of the United States, shall be removed from Office on Impeachment for, and Conviction of, Treason, Bribery, other high Crimes and Misdemeanors, and not knowing Bob Dylan's tour schedule.

By definition, a never-ending tour has no break. Even when he's not actually touring, he is therefore "on tour."

Unless you believe what Bob said in the WGW liner notes, in which case the Never Ending Tour ended in 1990.

I actually think it's kind of cool that the President of the United States knows enough about Bob to know that there's even such a thing as the Never Ending Tour. Regardless of when it ended or didn't end. B)

that is not completely true. according to bob, the concept of the never-ending tour arose in opposition to the established routine of doing a tour to promote a new record. the difficulty of starting from scratch for each tour bothered him, and he decided to remain on tour without regard to the release of a new album. it does not mean there is no break in the touring schedule.

Hey, we're all idiots sometimes, and the knowledge thereof is the beginning of wisdom. Seriously, if you haven't screwed up badly in your life, if you haven't hurt someone, if you haven't been a first class fool or a first class jerk . . . cheer up, you will! Here's hoping there will be someone there to forgive and encourage you and help you make restitution, not call you names.

Logic like that, I can't argue with !

Hey what about the time when..."Obama publicly thanked HIMSELF for being such a gracious host, having the Irish Prime Minister and guests come to his White House St. Patty's Day party? He didn't realize for several sentences that he was on auto-robot mode and was reading the speech intended for the Irish PM."

Just think if 10% of this is correct ! <http://conservativeamerican.org/obama-administration-scandals-list/obama-administration-scandals-list/obama-administration-scandals-list/page-one-1-50/>

Well, it's good old fashioned hypocritical Liberalism.

George W. Bush was Hitler/a fraud/idiot/puppet take your pick. But Barack Obama is a saint who can't be critiqued in anyway.

Heck, we can't even ask for proof that he meets the only 3 qualifications to be President of the United States. There is nothing in the Constitution about having a certain I.Q. and having certain grades at an Ivy League institution...

At least Obama knew he was on a Neverending Tour. I think Bush wouldn't know that he wrote All Along the Watch Tower.
